

Virginie Leroy

Experience

Before joining the team, Virginie had gained a strong experience in the field of corporate and M&A in one of the "Big Four" in Paris, where she assisted world leading business companies for restructuring their group. She was involved in transactions such as issuing complex securities, drafting shareholders agreements, carrying on due diligence, advising and implementing mergers, contributions in kind, spin-off.

She is particularly familiar with global pharmaceutical companies and healthcare institutions, which she advised on the impact of the compliance with new regulations relating to product liability.

At MNKS, she focuses on corporate structuring and corporate finance projects, providing tailor-made legal advice to meet the challenging needs of clients.

Virginie likes dealing with complex files and innovative transactions such as those involving venture capital.

Education

Master of Laws (LLM) in commercial and corporate law, University of King's College, London (UK), 2006
