**PLC Law Department****PRACTICAL LAW COMPANY**

“On a recent acquisition we were quoted £20,000 by a firm to act for us - a prohibitive cost given the size of the deal.

By subscribing to PLC Law Department I was able to prepare the draft share purchase agreement, amend and finalise it using the excellent standard documents and drafting notes.

Subscribing to PLC Law Department saved me at least £15,000 on that deal alone. And the range of resources extends far beyond share purchases...”
