Marielle Stevenot

Experience

Marielle, Partner of MNKS, joined the firm at its very beginning in 1999 after a prior experience at the legal department of PricewaterhouseCoopers in Brussels.

Since she started working, she has specialized in employment law consulting and has a thorough knowledge of all aspects of employment law and social security. She notably regularly handles outsourcing or similar restructuring projects, advises on expatriation and secondment situations, including on the international social security aspects thereof, and assists companies throughout the process of collective redundancies.

Marielle particularly enjoys implementing stock option plans or other similar employee benefits schemes and coordinating international projects involving lawyers and tax advisers in various countries. She also finds it very rewarding to build an on-going relationship with her clients and, by combining her legal expertise with a creative approach, to help them to solve their day-to-day HR issues.

She gives regularly external training, including one-to-one courses on Luxembourg employment law, and speaks at conferences. She is a lecturer on social security at the training institute of the Luxembourg Chamber of Commerce.

She is also actively involved in the management of the firm and has notably taken part in the creation of the web site and of a database allowing knowledge sharing within the firm. In addition, she is responsible of the HR department, which also allows her to get a good insight of the issues commonly faced by her clients.

Marielle is one of the founders and the chairman of the first Luxembourg association of employment law specialists, called "Employment Law Specialists Association, Luxembourg" ("ELSA"), which was created at the beginning of 2007.

Marielle is recommended by The Legal 500 and by PLC Which Lawyer.
