

William Tanguy

Experience

Before joining the team in 2007, William worked as a trainee for a global leader company in the field of environment and for several business law firms in Bordeaux and in Bucharest. He appreciated working in a State whose integration to E.U. is relatively recent. He especially enjoys being involved in international projects.

At MNKS, he is focused on corporate structuring, M&A transactions and private equity. It is crucial for him to be involved in projects touching the "heart" of companies. In particular, he appreciates developing an understanding of the transactions in a global economic context.

He likes being part of a dynamic team and has the chance to challenge himself and to benefit from the strong and international experience of his colleagues. The most rewarding aspect of his work are the congratulations of the clients he assists, which can give him a broad grin after the transactions.

Education

Postgraduate degree in law relating to M&A and financing of companies (Master II), University of Evry and postgraduate degree in business and tax law in INSEEC in Paris (business school), 2006

Law degree in business law, University of Bordeaux (France), 2005

Certificate of European studies, University of Bordeaux (France), 2005

Hobbies

William is implied in political projects relating to the municipal elections in a city in France in 2008.

He particularly enjoys cycling, sport in which he touched the high-level in participating in international bicycle racings and finished second of French cup with his team in race track. He won the Luxembourg karting championship between law firms with MNKS.

He avidly follows Grand Prix of Formula 1 and enjoys playing soccer.

He also loves playing poker with friends and intends participating on tournaments.

As a good French Bordelais, William appreciates good things of life such as wine, especially "Sauternes". He is consequently member of the event team of MNKS.

He listens to all music styles to relax himself.
